

# DOCTOR OF ENGINEERING (ENGD) IN DIGITAL ENTERTAINMENT, 1ST YEAR

GAROE DORTA PEREZ, IEVA KAZLAUSKAITE AND RICHARD SHAW \ UNIVERSITY OF BATH

#### INVERSE KINEMATICS

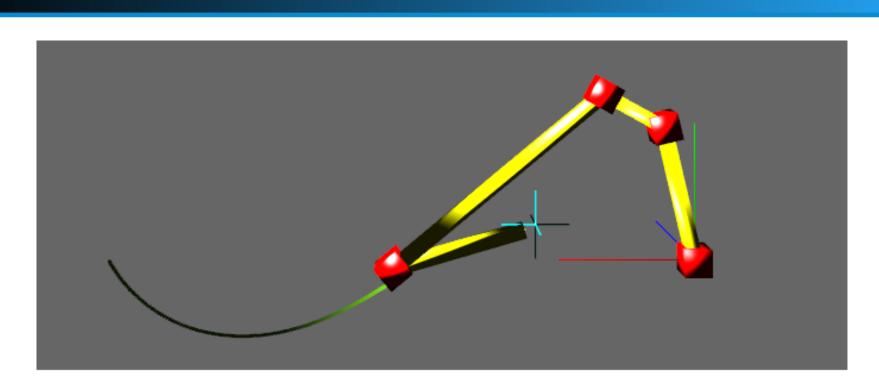

Figure 1: Figure caption

Inverse kinematics uses a known end-effector position  $\mathbf{E}$  to calculate the angles between the parts  $\boldsymbol{\theta}$  which ensure that the object reaches this desired target position, such that

$$\mathbf{E} = f(\boldsymbol{\theta}) \to \boldsymbol{\theta} = f^{-1}(\mathbf{E})$$
$$\partial \mathbf{E} \approx J(\boldsymbol{\theta}) \partial \boldsymbol{\theta} \to \partial \boldsymbol{\theta} \approx J^{-1}(\partial \mathbf{E}),$$

where f is the forward kinematics solver and J is the Jacobian matrix.

#### SHAPE INTERPOLATION

The following materials were required to complete the research:

- Curabitur pellentesque dignissim
- Eu facilisis est tempus quis
- Duis porta consequat lorem
- Eu facilisis est tempus quis

The following equations were used for statistical analysis:

$$\cos^3 \theta = \frac{1}{4} \cos \theta + \frac{3}{4} \cos 3\theta \tag{1}$$

$$E = mc^2 (2)$$

#### 3D RECONSTRUCTION

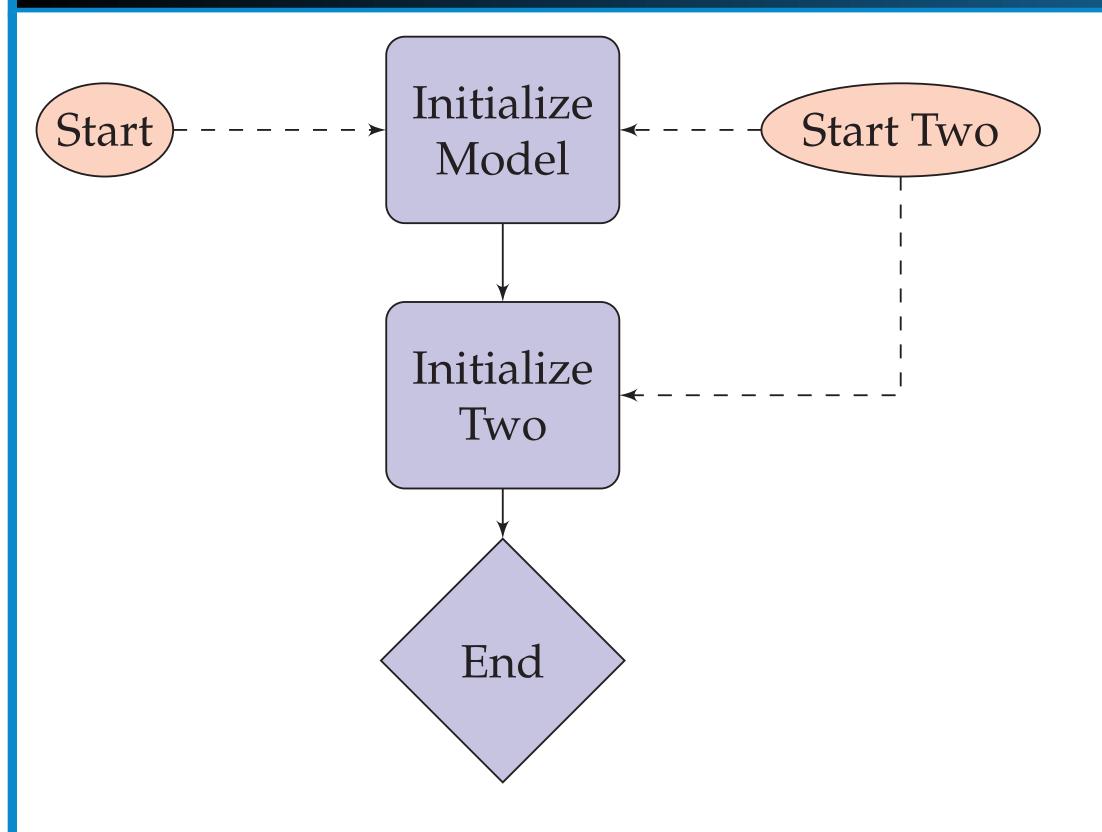

Donec faucibus purus at tortor egestas eu fermentum dolor facilisis. Maecenas tempor dui eu neque fringilla rutrum. Mauris *lobortis* nisl accumsan.

Treatments	Response 1	Response 2
Treatment 1	0.0003262	0.562
Treatment 2	0.0015681	0.910
Treatment 3	0.0009271	0.296

Table 1: Table caption

Nulla ut porttitor enim. Suspendisse venenatis dui eget eros gravida tempor. Mauris feugiat elit et augue placerat ultrices. Morbi accumsan enim nec tortor consectetur non commodo.

#### VISUAL UNDERSTANDING 2

- Pellentesque eget orci eros. Fusce ultricies, tellus et pellentesque fringilla, ante massa luctus libero, quis tristique purus urna nec nibh. Phasellus fermentum rutrum elementum. Nam quis justo lectus.
- Vestibulum sem ante, hendrerit a gravida ac, blandit quis magna.
- Donec sem metus, facilisis at condimentum eget, vehicula ut massa. Morbi consequat, diam sed convallis tincidunt, arcu nunc.
- Nunc at convallis urna. isus ante. Pellentesque condimentum dui. Etiam sagittis purus non tellus tempor volutpat. Donec et dui non massa tristique adipiscing.

#### FUTURE RESEARCH

Integer sed lectus vel mauris euismod suscipit. Praesent a est a est ultricies pellentesque. Donec tincidunt, nunc in feugiat varius, lectus lectus auctor lorem, egestas molestie risus erat ut nibh.

Maecenas viverra ligula a risus blandit vel tincidunt est adipiscing. Suspendisse mollis iaculis sem, in *imperdiet* orci porta vitae. Quisque id dui sed ante sollicitudin sagittis.
